x-acto®

Make your hands more creative with

x-acto[®] Sales Aids

X-acto backs its fine products with a complete merchandising program—to help you make sales and move stock.

X-acto Fair Trade Policy

X-acto is price fixed under the Fair Trade Laws in all States which permit the manufacturer to fix resale prices. Every dealer must, therefore, sell X-acto products at list prices only. Every jobber must maintain the uniform discount to the dealer. No one can cut prices nor use X-acto as a "loss leader". The consumer is assured a quality product at a fair price. Each jobber and dealer is assured a fair profit . . . in fact, the same profit. X-acto, by its Fair Trade policy, protects a profitable line of easy-to-sell merchandise against wanton price-cutting.

- **WINDOW DISPLAYS**—to stop traffic in front of your window, draw trade into your store and make sales for you. Build your windows around expertly designed X-acto displays.
- **ADVERTISING MATS**—FREE, for your local newspaper ads. Clever copy and art prepared by experts.
- **CIRCULARS**—FREE, for your mailings and to give to your customers. Show the X-acto line and suggest many new uses—sales builders.

X-acto Advertising Program

X-acto advertising has made X-acto products standard equipment in many fields. It has made the X-acto name familiar to millions of consumers who know it means quality, fair prices and service. It has made easy, profitable sales for the dealer. X-acto advertising will continue on a national scale . . . in the hobby, art, scientific and general magazines. X-acto advertising will support the dealer in his own field and will seek out new customers for him. It will reach the mass markets in every way . . . and the enterprising dealer will be given the opportunity to tie in again locally with the many sales aids described on this page.

- **AUTHORIZED DEALER SIGN**—FREE 10½" laminated 3-color cutout sign for your window or counter.
- **CATALOG MATERIAL**—FREE reproduction proofs, engravings, copy for standard and new X-acto merchandise—to keep your catalogs and sales literature up-to-date on the X-acto line.
- **COUNTER MERCHANDISERS**—to display the X-acto line to your customers—increase turnover by making faster, easier sales. Stock compactly arranged and easy to find; units take up little counter space.

A fascinating handicraft material . . .

A fascinating handicraft material, X-acto Plexon Craftstrip features strong, tough cotton tape base plasticized in 18 brilliant colors and many color combinations. Multi-colored edges provide a wide and eye-pleasing variety of artistic combinations. Craftstrip's durable coating won't peel or crack, always looks fresh and new, is washable, and will stand up under hard wear.

Better and easier braiding, lacing, weaving or wrapping with Craftstrip because it is perfectly flat, has rounded bevel edges, has uniform dimensions that assure its keeping its shape, doesn't warp. It's hanked for efficient use; quick, easy sales. Tremendously popular with all ages, this versatile material is suitable for a great many craft projects . . . is priced low for volume selling.
